QUAKERS WERE DEPEATED. Senators Engged One of the Prettlest Games of the Season.

The Senators were red-capped yesterday in their game with the lads from the Quaker City. The red cap is another feature of Manager Schmelz's peculiarity in uniform. They were clothed, too, in the colors of a redheaded woodpecker, and it may be that the change gave them fortune.

The game was to a degree a pitchers' battle, in which the Senatorial twirler excelled. Mercer not only distinguished himself in the box, but he made a clean home run on a short hit to left center. Hamilton was playing a close field. He made a dive for the ball, but

bit to left center. Hamilton was playing a close field. He made a dive for the ball, but it took a high bound, and the league's baby pitcher sprinted home.

Mr. Emsile was the umpire, and his work was greatly admired. He had many close decisions to make, and they were rendered in all cases satisfactorily, as no kick came from the various players. The visitors played an errorless game, Delehanty winning applause for two good catches.

After Ward went out in the first inning Joyce reached first on balls, stole second and went to third on Abbey's safe infield hit, scoring on Maguire's single. Selbach opened the seventh with a single to short center. Cartwright had two strikes called on him when he caught one of Carsey's drops and sent the ball spinning down the third base line for two bases, on which Selbach scored. Cartwright started to steal third as Radford sent a stow one to Hallman, who threw the batter out at first. Cartwright, having a flying start, kept up a terrific pace toward the plate. "Silde." yelled Joyce, and the big first baseman dropped. The runner looked safe, but Umpire Emsile called him out. Shiebeck drew a base on balls, and Mercer drove him across the plate on his home-run hit.

Mercer's error in the second, a failure to hold Cartwright's assist, put Thompson safe. He stole second, going to third on a wild throw by Maguire, and scored on Grady's soratch hit to Joyce's territory. This was the only scoring done by the Phillies. The score: washnorn. #### MUST GIVE WAY TO THE NEW

Three Thousand People Will Be Evicted at Pullman.

GREAT SUPPERING WILL RESULT

All the Strikers and Their Families Will Be Put Out of Doors Within the Next Fortyeight Hours-Have No Money, No Clothes, No Fuel, and Very Little Food.

CHICAGO, Ill., Aug. 10 .- Pullman's tenants will be evicted. Vice President Wickes said so to-day. The company claims that it must find houses for its new employes to live in, and as the strikers have been camping in the Pullman flats without paying a cent of rent for the last three months they must get out. This move is the very fast in the big strike, and it will forever discomfit the employes. The company's houses cover about 3,000 peo-

ple. These 3,000 consisted of the striking workmen and their families. There are about 1,000 new men in the shops that have families and that desire to live near their work. The

was asked.
"Oh, I don't know. I suppose it can be done easily enough. It must be done any-

This will be a death blow to the tenants, who are the strikers. They have no money and very little food. When their scant supplies of household furniture are set out in the streets by the constables it will be impossible for them to move it away. Even now they cannot afford to buy a pound of coal to cook the raw potatoes they get from the com-mittee. The prospecis are gloomy indeed for the poverty-stricken occupants of the com-rant's houses.

the poverty-stricken occupants of the com-pany's houses.

What the people will do when they are put out into the street is a question that it is im-possible to answer. The company cannot only put them and their effects into the street, but the probability is that it could drive them out of the town if it cared to do so, for it owns the town, streets, sidewalks, and all. Evic-tion is the very lest thus, the records have the town, streets, sidewalks, and all. Evic-tion is the very last thing the people have looked for. One woman on Fulton street said: "Surely they won't put us out. Where would we go if they did? We have no money; not enough to buy a bushel of coal. We have no clothes. The American public would not stand by and see a thousand families ren-dered nomeless."

But that is undoubtedly what will be done, for it is necessary that the company take de-cisive action. Any striking tenant who wants to return to work will be left in his house, but inside of the done. but inside of two days the remaining 600 places will be filled, and those tenants who cannot go back, even if they wished to, will be left out in the cold. The outlook for the present population of the model town is positively desperate.

Miscellaneous Sporting Notes. Senators will play two games to-day at Philadelphia.
